Hi Cheryl,

They were sent US Postal. Should I send you an electronic copies of everything? (I was afraid of something like this happening with the shutdown :grumble:).

I am not 100% sure what you mean by "carry over" package. Do you mean the bacteria+cadmium+health human and ammonia packages? Both are still in executive review with no ETA in sight, unfortunately.

I have checked around here have not seen the package yet. Did you Fed Ex it or was it regular US Postal mail?

And any word/update on the carry over package?

Hi Cheryl,

Just wanted to give you a heads-up that we have sent hard-copies of the materials for the incorporation of the reference to the 2017 Chesapeake Bay technical addendum to VA's WQS to you and Cathy Liebertz. Please let me know me or John Kennedy know if you have any questions. Thanks!
